DETAILED ACTION

1. This communication is in response to amendment filed 3/1/04.

Response to Amendment/Remarks

2. Applicant's arguments, with respect to rejection of the pending claims 1-70, 74-101 and 106-111 under 35 USC 103 have been fully considered and are persuasive. Accordingly these rejections have been withdrawn.

3. Claims 83-100 are not deemed allowable due to 112(second) deficiency discussed in the following paragraphs.

Claim Rejections - 35 USC § 112

4. Claims 83-100 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. (see explanation below.)

5. claim 83 (and dependent claims) recite limitation h) selling information about auction. However, none of the steps a) through g) have any connection with this step. Steps a) - g) are directed at generating rating information about seller offers and communicating the rating information and the seller offers to a buyer in response to the buyer's request for the offer.

Art Unit: 3624

These steps have nothing to do and are independent of the step of selling the auction information. In other words step h) is no functional relationship to the remainder of the claim, which renders the claim(s) indefinite.

6. Dependent claims 84-94 inherit same deficiency as discussed above.

7. claim 95 (and dependent claims) recite limitation h) selling information about the buyer. However, none of the steps a) through g) have any connection with this step. Steps a) - g) are directed at generating rating information about seller offers and communicating the rating information and the seller offers to a buyer in response to the buyer's request for the offer. These steps have nothing to do and are independent of the step of selling information about the buyer. In other words step h) is no functional relationship to the remainder of the claim, which renders the claim(s) indefinite.

8. Dependent claims 96-100 inherit same deficiency as discussed above.

Allowable Subject Matter

9. Claims 1-70, 74-75, 76-82, 101, and 106-112 are allowed.

Art Unit: 3624
